

## Our Rides

2020

Ways To Ride:	We've got <u>three</u> , allowing more flexibility and individual initiative. One will be our season's "Core" rides. A second way will be "Your" rides. And the third will be "More" rides. Here's what they are and how they'll work.
---------------	--

Core Rides:	These are the rides that we'll plan and offer during the season. Typically, they're out of our immediate area, and involve an overnight. Here's what's been planned for this season:	
	Ride	Date(s)
	▶ Virginia Capital Trail	April 25 and 26
	▶ Greenbrier River Trail	May 19 and 20
	▶ New River Trail	June 10 and 11
	▶ C & O Canal Tow Path	September 24 and 25

**Our Rides** is posted seasonally by the Biking Group of Wintergreen Sporting Club. April 2020.

Your Rides:	<p>These are the rides you've put on your personal "bike-it" list. While any of us can ride our special ride on a day and time of our own choosing, we encourage members to invite others to join them.</p> <p>This season take ownership of a ride, coupled with a date and time that work for you, and give us some advance notice. We'll send out an "alert" and help build a great group ride.</p>

They're not sponsored by Wintergreen Sporting Club, but have been around a few years, have various ride (distance) options, and are usually well-supported. They're not races; you ride at your own pace. Check them out.</p> <p>If you decide to sign up for one or more of them, tell us and we'll let our other members know you're going.</p>
